Thorson Restoration and Construction
80 Keith Place
Bridgewater, MA. 02324

Dear Eric and company,

Ann and I have been settling into our new home in Lakeville over the past several months.

We have had a chance to appreciate the quality of your work throughout the project. Your crew's work as well as that of your sub-contractors shows pride in the finished product. Dan in particular did a fantastic job on the finish work throughout the house.

Everyone in your crew was friendly and courteous throughout the construction process and made every effort to cause as little inconvenience to us as possible.

I especially appreciated your efforts to keep us informed of your progress throughout the project. You kept us up-to-date on the construction and made sure that we were aware of any unexpected situations. We were always given an opportunity to hear your recommendations and provide our input for the solution. I believe your knowledge and recommendations allowed us to make the right decisions.

Most importantly Ann and I appreciate your honesty and professionalism throughout the project. We feel very fortunate to have had the opportunity to work with you and your crew.

Thank you for the great job and a beautiful home.

Sincerely,

Chris and Ann Meras
