Dear Eric,

Sabrina and I would like to express our appreciation for the first rate approach you adopted towards our recent home remodeling and renovation. You and your team were without exception professional, courteous, attentive and skillful. The finished product has exceeded our expectations and has garnered high praise from all who visit.

Thorson Restoration and Construction delivered on every detail of the project. Your recommendations and responses to our inquiries were always thoughtful and on target. We have already recommended your organization to several friends with confidence.

Thanks for everything.

Sincerely,

Casey L. Roberts
